

Innovations in Aging Graduate Programs:

An Online Information Session

Tuesday, April 23, 2024
3-4 p.m. (MST)

Join us for a virtual information session on the Innovations in Aging Graduate Certificate and Master's programs. These programs are affiliated with the Arizona Center on Aging and offered through the University of Arizona Graduate Interdisciplinary Programs. This session will cover careers in aging as well as overviews of curriculum, admissions requirements and the application process. This event is designed to benefit those interested in the field of aging and enrollment in our master's and graduate certificate programs.
